### Opening and Performance: "Jen Ray: Deep Cuts" at Albertz Benda

Billed as a homecoming for an American artist who has been living and working in Berlin for nearly 10 years, *Deep Cuts* presents Jen Ray's paintings, collages and performance art, which address gender politics and queer theory. While her massive watercolors capture female warriors traversing surreal landscapes, Ms. Ray's collages resemble flags to be carried into battle. An opening night performance features a procession of women—including American singer Honeychild Coleman and Berlin-based actress Amor Schumacher—that begins on the High Line and ends at the gallery.
